## Intruder Safety Plan

Kitchen – East Bld. / Elementary Room / East Auditorium / Worship Center (Main Bldg.)

Note: All intruder response is based off of our stoplight system. Read below to find out how to respond to each situation. Stoplights are shown how they will appear in the classrooms when lit-up for each situation.

## Green Light

A green light is an indication the environment shows no concerns/threats. Classrooms should be conducted as normal and you are free to move about the building.

## Yellow Light

A yellow light is an indication the environment shows there has been a concern that is being observed. Follow the steps below for a yellow light.

### Kitchen (East Bldg.) / Elementary Room / East Auditorium

1. Shut the door and lock the keyed dead bolt.
2. No one is to leave or enter the room.
3. Watch the light for status change, but continue to teach and/or allow kids to play.
4. When the situation is given an "all clear" – the following will happen.
  - a. The stoplight display will change back to the green color only.
  - b. The Children's Ministry Lead will come by and unlock the dead bolt door. Do NOT unlock the door from the inside wait for the Children's Ministry Lead to unlock the door.

### Worship Center – Main Building

1. Grab Primary Backpack, radio (power on), class roster (if available) and immediately exit the northeast doors and head to the nursery.

3. Watch the light for status change, but continue to teach and/or allow kids to play.

4. When the situation is given an “all clear” – the following will happen.
  - a. The stoplight display will change back to the green color only.
  - b. The Children’s Ministry Lead will come by and unlock the dead bolt door. Do NOT unlock the door from inside wait for the Children’s Ministry Lead to unlock the door.
