

Picture This

Jesus told another story about a man who threw out seeds over a whole field. The seeds grew well in some places but did not grow in others. The seeds stand for God's message or Word. The four types of ground stand for four types of people who hear His message. The seeds that fell on the hard ground were eaten up by the birds. The seeds that fell on the rocky ground did not grow deep roots and the sun dried them up. Some seeds fell where there were thorn bushes and the young plants were choked out by them. But a few of the seeds fell on good soil where they grew well. (Source: Mark 4:2-8)

Hear This

I planted and God made it grow.
1 Corinthians 3:6 NIV

Do This

**Plant God's love
with everyone you meet!**
